went by and began a process of profound reflection on her experience Now drawing on her journals and reflections and on her own experience as a professional woman wife daughter and mother she delves into the questions of how the centuries old wisdom of monastic life can challenge inspire and guide those living outside the monastery Organized around topics such as prayer community and the vows each of Day s reflections begins with memories of her monastic experience and then presents a perceptive and often humorous critique of the contrasting values of our present culture For each topic she chronicles with honesty and humility her subsequent struggles to apply back home the alternative approaches learned from the sisters she lived with and offers a wealth of practical suggestions Filled with stories from her own life and fascinating details of daily life in the monastery her book is sure to strike a spark with all those seeking to live in a fully human and Christ centered way

Monastic Observances Thomas Merton,2010-12-01 In this set of novitiate conferences from the late 1950s Thomas Merton provides a vivid and detailed introduction to the traditional pattern and practices of the monastic day during the period immediately preceding the momentous changes that would be introduced in the wake of the Second Vatican Council Combining practical instruction with spiritual and theological reflection this fifth volume of Merton s teaching notes brings the reader into the choir and chapter room scriptorium and cloisters of the Abbey of Gethsemani and provides insight into the ecclesial contemplative paschal and Trinitarian dimensions of Cistercian life Patrick F O Connell is professor in the departments of English and theology at Gannon University Erie Pennsylvania A founding member and former president of the International Thomas Merton Society he edits The Merton Seasonal and is coauthor with William H Shannon and Christine M Bochen of The Thomas Merton Encyclopedia He has edited four previous volumes of Thomas Merton s monastic conferences for the Monastic Wisdom series Cassian and the Fathers Pre Benedictine Monasticism An Introduction to Christian Mysticism and The Rule of Saint Benedict

The Cistercian Fathers and Their Monastic Theology Thomas Merton,2016 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963 1964 focus mainly on the life and writings of his great Cistercian predecessor St Bernard of Clairvaux 1090 1153 Guiding his students through Bernard s Marian sermons his treatise On the Love of God his controversy with Peter Abelard and above all his great series of sermons on the Song of Songs Merton reveals why Bernard was the major religious and cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present As James Finley writes in his preface to this volume Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God

Monastic Practices Charles Cummings,2015-12-07 For three decades Monastic Practices has been a valued resource for English speaking aspirants to monastic life In this revised edition updated and expanded Charles Cummings OCSO explores the common practices of the monastic life in order to rediscover them as viable means of leading persons to a

deeper encounter with God How do monks and nuns occupy themselves throughout the day Have they modernized their lifestyle or is it still cluttered with medieval customs Could any of the monastic practices be of use to those outside the monastery A certain wisdom is necessary to know how to use such practices and how to give oneself to them until they lead one to God After long monastic experience Cummings shows us how the ordinary things we do constitute our path to God In the art of living life he argues we are always beginners searching for God through our concrete circumstances and actions

Monastic wisdom series ,19?? **Secret of the Heart** Jean-Marie Howe,2005 Considers that through immersion in monastic life at the level of the heart persons enter into contact with the mystery of Christ and give birth to spiritual being discusses prayer and lectio divina Provided by publisher
