American Justice 2019 Mark Joseph Stern,2019-10-04 Following the retirement of Justice Anthony Kennedy and the controversial confirmation of Justice Brett Kavanaugh the Supreme Court plunged into a contentious term that featured divisive cases involving abortion immigration capital punishment and voting rights on the court s docket In American Justice 2019 Mark Joseph Stern examines the term s most controversial opinions and highlights the consequences of Chief Justice John Roberts stepping into a new role as the court s swing vote No longer bound by Kennedy s erratic moderation Roberts has begun doling out victories to both Democrats and Republicans albeit with a clear rightward tilt Early in the term Roberts delivered a public rebuke to Trump s attacks on the judiciary foreshadowing his refusal to tolerate some of the president s most extreme contortions of the law Stern tracks the chief justice s evolution from staunch conservative to part time centrist Along the way he details the term s blockbusters and surprises including an unlikely alliance between Justices Neil Gorsuch and Sonia Sotomayor on criminal justice and an especially radical ruling on the death penalty that overturned decades of precedent Stern s account depicts a court sharply divided over its role in American democracy with the man at its center striving to stay above the political fray without abandoning his conservative instincts **If We Can Keep It** Michael Tomasky,2019-02-05 A game changing account of the deep roots of political polarization in America

including an audacious fourteen point agenda for how to fix it Why has American politics fallen into such a state of horrible dysfunction Can it ever be fixed These are the questions that motivate Michael Tomasky s deeply original examination into the origins of our hopelessly polarized nation One of America s finest political commentators Michael J Sandel Tomasky ranges across centuries and disciplines to show how America has almost always had two dominant parties that are existentially and often violently opposed When he turns to our current era he does so with striking insight that will challenge readers to reexamine what they thought they knew Finally not content merely to diagnose these problems Tomasky offers a provocative agenda for how we can help fix our broken political system from ranked choice voting and at large congressional elections to expanding high school civics education nationwide Combining revelatory data with trenchant analysis Tomasky tells us how the nation broke apart and points us toward a more hopeful political future *Modernizing Consumer*
