## **Cities And Global Governance Global Interdisciplinary Studies Series:**

**Cities and Global Governance** Mark Amen, Noah J. Toly, Patricia L. McCarney, Klaus Segbers, 2016-05-23 Case study rich this volume advances our understanding of the significance of the city in global governance The editors call for innovation in international relations theory with case studies that add breadth to theorizing the role sub national political actors play in global affairs Each of the eight case studies demonstrates different intersections between the local and the global and how these intersections alter the conditions resulting from globalization processes The case studies do so by focusing on one of three sub themes the diverse ways in which cities and sub national regions impact nation state foreign policy the various dimensions of urban imbrications in global environmental politics or the multiple methods and standards used to measure the global roles of cities      *Cities and Global Governance* Mark Amen, Noah J. Toly, Patricia L. McCarney, Klaus Segbers, 2016-05-23 Case study rich this volume advances our understanding of the significance of the city in global governance The editors call for innovation in international relations theory with case studies that add breadth to theorizing the role sub national political actors play in global affairs Each of the eight case studies demonstrates different intersections between the local and the global and how these intersections alter the conditions resulting from globalization processes The case studies do so by focusing on one of three sub themes the diverse ways in which cities and sub national regions impact nation state foreign policy the various dimensions of urban imbrications in global environmental politics or the multiple methods and standards used to measure the global roles of cities      *Cities and Global Governance* Dr Mark Amen, Dr Noah J Toly, Professor Klaus Segbers, Professor Patricia L McCarney, 2013-03-28 Case study rich this volume advances our understanding of the significance of the city in global governance The editors call for innovation in international relations theory with case studies that add breadth to theorizing the role sub national political actors play in global affairs Each of the eight case studies demonstrates different intersections between the local and the global and how these intersections alter the conditions resulting from globalization processes The case studies do so by focusing on one of three sub themes the diverse ways in which cities and sub national regions impact nation state foreign policy the various dimensions of urban imbrications in global environmental politics or the multiple methods and standards used to measure the global roles of cities      *Religion, Education and Governance in the Middle East* Sai Felicia Krishna-Hensel, 2016-04-08 The Middle East is a key geopolitical strategic region in the international system but its distinctive cultural and political divisions present a mosaic of states that do not lend themselves to simplistic interpretations A thoughtful analysis of the Middle East requires an understanding of the synergism between tradition and modernity in the region as it adapts to a globalizing world Religious education and activism continue to remain a significant factor in the modernization process and the development of modern governance in the states of the Middle East This interdisciplinary book explores the historical and contemporary role of religious tradition and education on political elites and governing agencies in several major states as well as generally in

the region The relationship between democracy and authority is examined to provide a better understanding of the complexity underlying the emergence of new power configurations As the region continues to respond to the forces of change in the international system it remains an important and intriguing area for analysts **New Security Frontiers** Sai Felicia Krishna-Hensel, 2016-04-29

The globalizing world is increasingly confronting a new category of security issues related to resource availability The resource environment contains both traditional categories such as energy foodstuffs and water as well as new technologically related resources such as rare earth minerals The essays in this volume emphasize both the uniqueness and the magnitude of these new challenges while simultaneously acknowledging that cooperation and competition in response to these security concerns occur within the context of both the historical and contemporary international power configurations Moreover these challenges are of a global nature and will require global perspectives global thinking and innovative global solutions Krishna Hensel brings together a wide range of topics focusing on critical resource availability impacting upon global security and the geopolitical ramifications of resource competition The volume addresses the development of strategic thinking on these issues and underscores the increasing awareness that this is a critical area of concern in the twenty first century global landscape **Debating European Security and Defense Policy**

Maxime H. A. Larivé, 2016-05-13 Dr Lariv questions whether there is such a thing as a European defense and security policy This book analyzes the integration process by clearly illustrating to the reader the two sides of the argument in order to understand the complexity of the problems in the different stages of the creation and implementation of the European defense policy In doing so this study asks the question of why has the process been so halting and of such limited scope Structured in three parts Theories analyzing the theoretical debates raised by the positivist paradigms of neorealism liberalism and constructivism on European security History reflecting on the impacts of the Cold War American foreign policy the 2008 economic crisis and the evolution of European strategy and Actors by looking at the role of European institutions Member States and the CSDP on the transformation of the European defense policy since 1998 Each chapter is composed of sub questions allowing the reader to grasp the different forces explaining the deepening or lack of the deepening process of the CSDP Ultimately this book offers a unique base for fostering discussion understanding and critical thinking on the CSDP

**Shifting Priorities in Russia's Foreign and Security Policy** Rémi Piet, Roger E. Kanet, 2016-03-09 Given the resurgence of Russian economic capabilities and of Russia's role as a regional even global political actor much of the literature written more than 45 years ago is already dated The editor and contributors to this timely volume draw upon a broad range of analysts who deal with various aspects of Russian relations with its neighbours to the West and to the East Implications for Russian foreign and security policy are key to understanding Russia's position in the 21st Century Readers in Russian foreign and security policy European Eurasian and Asian security and contemporary international politics security will find this volume invaluable **Social Resilience and International Migration in the Canadian City** Valerie

Preston, John Shields, Tara Bedard, 2025-07-03 This timely volume examines how policies institutions and places influence the lives of immigrants and temporary migrants to Canada and how in turn those newcomers transform the cities in which they live Social Resilience and International Migration in the Canadian City draws attention to disparities in outcomes for migrants and proposes strategies to enhance their participation in cities of all sizes Focused on Ontario and Quebec chapters pinpoint factors that affect the settlement and integration of immigrants as well as growing numbers of international students foreign workers and refugee claimants Contributors illustrate how federal provincial and municipal policies and diverse institutions from grassroots churches to settlement agencies can influence migrants capacity to navigate and leverage the resources required to overcome integration challenges The book s social resilience framework attends to the social supports that empower migrants to take collective action for their own futures As migrants interact with a broad range of institutions those institutions are transformed and become more resilient themselves Directed at a wide audience of community and government practitioners migration policy experts scholars and civil society activists Social Resilience and International Migration in the Canadian City provides crucial insight about the policies necessary for helping both migrants and cities thrive offering ideas for effective implementation Planning Regional Futures John Harrison, Daniel

Galland, Mark Tewdwr-Jones, 2021-09-30 Planning Regional Futures is an intellectual call to engage planners to critically explore what planning is and should be in how cities and regions are planned This is in a context where planning is seen to face powerful challenges professionally intellectually and practically in ways arguably not seen before planning is no longer solely the domain of professional planners but opened up to a diverse group of actors the link between the study of cities and regions which traditionally had a disciplinary home in planning schools and the like steadily eroded as research increasingly takes place in interdisciplinary research institutes the advent of real time modelling posing fundamental challenges for the type of long term perspective that planning has traditionally afforded regional planning and its mixed record of achievement and the link between region and planning becoming decoupled as alternative regional and other spatial approaches to planning have emerged This book takes up the intellectual and practical challenge of planning regional futures moving beyond the narrow confines of existing debate and providing a forum for debating what planning is and should be for in how we plan cities and regions The chapters in this book were originally published as a special issue of Regional Studies

**Achieving the Sustainable Development Goals** Simon Dalby, Susan Horton, Rianne Mahon, Diana Thomaz, 2019-04-11 This book draws on the expertise of faculty and colleagues at the Balsillie School of International Affairs to both locate the Sustainable Development Goals SDGs as a contribution to the development of global government and to examine the political institutional and financial challenges posed by the SDGs The contributors are experts in global governance issues in a broad variety of fields ranging from health food systems social policy migration and climate change An introductory chapter sets out the broad context of the governance challenges involved and how individual chapters contribute to the analysis The book

begins by focusing on individual SDGs examining briefly the background to the particular goal and evaluating the opportunities and challenges particularly governance challenges in achieving the goal as well as discussing how this goal relates to other SDGs The book goes on to address the broader issues of achieving the set of goals overall examining the novel financing mechanisms required for an enterprise of this nature the trade offs involved particularly between the urgent climate agenda and the social economic goals the institutional arrangements designed to enable the achievement of the goals and offering a critical perspective on the enterprise as a whole Achieving the Sustainable Development Goals makes a distinctive contribution by covering a broad range of individual goals with contributions from experts on governance in the global climate social and economic areas as well as providing assessments of the overall project its financial feasibility institutional requisites and its failures to tackle certain problems at the core This book will be of great interest to scholars and students of international affairs development studies and sustainable development as well as those engaged in policymaking nationally internationally and those working in NGOs
