Cities By Design The Social Life Of Urban Form:

Cities by Design Fran Tonkiss, 2014-01-21 Who makes our cities and what part do everyday users have in the design of cities This book powerfully shows that city making is a social process and examines the close relationship between the social and physical shaping of urban environments With cities taking a growing share of the global population urban forms and urban experience are crucial for understanding social injustice economic inequality and environmental challenges Current processes of urbanization too often contribute to intensifying these problems cities likewise will be central to the solutions to such problems Focusing on a range of cities in developed and developing contexts Cities by Design highlights major aspects of contemporary urbanization urban growth density and sustainability inequality segregation and diversity informality environment and infrastructure Offering keen insights into how the shaping of our cities is shaping our lives Cities by Design provides a critical exploration of key issues and debates that will be invaluable to students and scholars in sociology and geography environmental and urban studies architecture urban design and planning

The Social Fabric of Cities

Vinicius M. Netto, 2016-09-19 Bringing together ideas from the fields of sociology economics human geography ethics political and communications theory this book deals with some key subjects in urban design the multidimensional effects of the spatial form of cities ways of appropriating urban space and the different material factors involved in the emergence of social life It puts forward an innovative conceptual framework to reconsider some fundamental features of city making as a social process the place of cities in encounters and communications in the randomness of events and in the repetition of activities that characterise societies In doing so it provides fresh analytical tools and theoretical insights to help advance our understanding of the networks of causalities contingencies and contexts involved in practices of city making In a systematic attempt to bring urban analysis and research from the social sciences together the book is organised around three vital yet relatively neglected dimensions in the social and material shaping of cities i Cities as systems of encounter an approach to urban segregation as segregated networks ii Cities as systems of communication a view of shared spaces as a means to association and social experience iii Cities as systems of material interaction explorations on urban form as an effect of interactivity and interactivity as an effect of form Visit the author's website at <http://socialfabric.city>

Handbook of Cities

and Networks Neal, Zachary P., Rozenblat, Céline, 2021-07-31 This Handbook of Cities and Networks provides a cutting edge overview of research on how economic social and transportation networks affect processes both in and between cities Exploring the ways in which cities connect and intertwine it offers a varied set of collaborations highlighting different theoretical historical and methodological perspectives

Informality and the City Gregory Marinic, Pablo

Meninato, 2022-10-03 This book advances the agenda of informality as a transnational phenomenon recognizing that contemporary urban and regional challenges need to be addressed at both local and global levels This project may be considered a call for action Its urgency derives from the impact of the pandemic combined with the effects of climate change

in informal settlements around the world While the notion of the informal is usually associated with the analysis and interventions in informal settlements this book expands the concept of informality to acknowledge its interdisciplinary parameters The book is geographically organized into five sections The first part provides a conceptual overview of the notion of the informal serving as an introduction and reflection on the subject The following sections are dedicated to the principal regions of the Global South Latin America US Mexico Borderlands Asia and Africa while considering the interconnections and correspondences between urbanism in the Global South and the Global North This book offers a critical introduction to groundbreaking theories and design practices of informality in the built environment It provides essential reading for scholars professionals and students in urban studies architecture city planning urban geography sociology anthropology cultural studies economics and the arts As a critical survey of informality the book examines history theory and production across a range of informal practices and phenomena in urbanism architecture activism and participatory design Authored by a diverse and international cohort of leading educators theorists and practitioners 45 chapters refine and expand the discourse surrounding informal cities *Routledge Handbook of Sustainable Design* Rachel Beth Egenhoefer,2017-07-28 The Routledge Handbook of Sustainable Design considers the design not only of artifacts but of structures systems and interactions that bear our decisions and identities in the context of sustaining our shared planet In addressing issues of design for global impact behavior change systems and strategy ethics and values this handbook presents a unique and powerful design perspective Just as there are multiple definitions of design so there are several definitions of sustainability making it difficult to find unity The term can sometimes be seen as a goal to achieve or a characteristic to check off on a list of criteria In actuality we will never finish being sustainable We must instead always strive to design work and live sustainably The voices throughout this handbook present many different characteristics layers approaches and perspectives in this journey of sustaining This handbook divides into five sections which together present a holistic approach to understanding the many facets of sustainable design Part 1 Systems and Design Part 2 Global Impact Part 3 Values Ethics and Identity Part 4 Design for Behavior Change Part 5 Moving Forward This handbook will be invaluable to those wishing to broaden their understanding of sustainable design and students and practitioners of Environmental Studies Architecture Product Design and the Visual Arts *Handbook on Urban Social Movements* Anna Domaradzka,Pierre Hamel,2024-01-18 Providing an overview of urban social movements from a diverse range of both empirical and theoretical perspectives this Handbook includes not only a critical analysis of the transformations that have occurred in the urban landscape recently but also sheds light on the strategies implemented by social actors in various socio political and cultural contexts It focuses on understanding better how and to what extent collective action around urban issues remains relevant in our modern world This title contains one or more Open Access chapters **What Cities Say** Emily Talen,2024-07-23 In *What Cities Say* Emily Talen provides a wide ranging yet concise synthesis of the fundamental drivers of built form its social and cultural meaning

and how we should interpret it Including thirty five distinct city patterns and forms Talen develops a language of interpretation to understand the motive and meaning behind the city and its elements By exposing these meanings Talen asserts that we will be in a stronger position to articulate and argue for the kinds of cities we want **The SAGE Handbook of the 21st Century City** Suzanne Hall,Ricky Burdett,2017-10-16 The SAGE Handbook of the 21st Century City focuses on the dynamics and disruptions of the contemporary city in relation to capricious processes of global urbanisation mutation and resistance An international range of scholars engage with emerging urban conditions and inequalities in experimental ways speaking to new ideas of what constitutes the urban highlighting empirical explorations and expanding on contributions to policy and design The handbook is organised around nine key themes through which familiar analytic categories of race gender and class as well as binaries such as the urban rural are readdressed These thematic sections together capture the volatile processes and intricacies of urbanisation that reveal the turbulent nature of our early twenty first century Hierarchy Elites and Evictions Productivity Over investment and Abandonment Authority Governance and Mobilisations Volatility Disruption and Adaptation Conflict Vulnerability and Insurgency Provisionality Infrastructure and Incrementalism Mobility Re bordering and De bordering Civility Contestation and Encounter Design Speculation and Imagination This is a provocative inter disciplinary handbook for all academics and researchers interested in contemporary urban studies **Densifying the City?** Margot Rubin,Alison Todes,Philip Harrison,Alexandra Appelbaum,2020-11-27 Providing an in depth exploration of the complexities of densification policy and processes this book brings the important experiences of densification in Johannesburg into conversation with a range of cities in Africa the BRICS countries and the Global North It moves beyond the divisive debate over whether densification is good or bad adding nuance and complexity to the calls from multilateral organisations for densification as a key urban strategy **Cities and Metaphors** Somaiyeh Falahat,2018-04-19 Introducing a new concept of urban space Cities and Metaphors encourages a theoretical realignment of how the city is experienced thought and discussed In the context of Islamic city studies relying on reasoning and rational thinking has reduced descriptive vivid features of the urban space into a generic scientific framework Phenomenological characteristics have consequently been ignored rather than integrated into theoretical components The book argues that this results from a lack of appropriate conceptual vocabulary in our global body of scholarly literature It challenges existing theories introduces and applies the concept of Hezar tu a thousand insides to rethink the spaces in historic cores of Fez Isfahan and Tunis This tool constructs a staging post towards a different articulation of urban space based on spatial physical virtual symbolic and social edges and thresholds nodes of sociospatial relationships zones of containment state of intermediacy and thus a logic of ambiguity rather than determinacy Presenting alternative narrations of paths through sequential discovery of spaces this book brings the sensual features of urban space into the focus The book finally shows that concepts derived from local contexts enable us to tailor our methods and theoretical structures to the idiosyncrasies of each city while retaining the

global commonalities of all Hence in broader terms it contributes to a growing awareness that urban studies should be more inclusive by bringing the diverse global contexts of cities into the body of our urban knowledge

Cities By Design The Social Life Of Urban Form: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Cities By Design The Social Life Of Urban Form : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
