conflict Russell Hardin offers a timely crucial explanation of group action in its most destructive forms Contrary to those observers who attribute group violence to irrationality primordial instinct or complex psychology Hardin uncovers a systematic exploitation of self interest in the underpinnings of group identification and collective violence Using examples from Mafia vendettas to ethnic violence in places such as Bosnia and Rwanda he describes the social and economic circumstances that set this violence into motion Hardin explains why hatred alone does not necessarily start wars but how leaders cultivate it to mobilize their people He also reveals the thinking behind the preemptive strikes that contribute to much of the violence between groups identifies the dangers of particularist communitarianism and argues for government structures to prevent any ethnic or other group from having too much sway Exploring conflict between groups such as Serbs and Croats Hutu and Tutsi Northern Irish Catholics and Protestants Hardin vividly illustrates the danger that arises when individual and group interests merge In these examples groups of people have been governed by movements that managed to reflect their members personal interests mainly by striving for political and economic advances at the expense of other groups and by closing themselves off from society at large The author concludes that we make a better and safer world if we design our social institutions to facilitate individual efforts to achieve personal goals than if we concentrate on the ethnic political makeup of our respective societies *Carmen, and other stories, by prosper merimee translated by guy chapman*

Prosper Mérimée,1966 **Daniel Deronda** George Eliot,2014 Daniel Deronda George Eliot s last great novel charts the intertwined lives of spirited Gwendolen Harleth and the idealistic Deronda Both are damaged by their pasts and alienated from the society around them in a story set against the backdrop of economic crisis political uncertainty and proto Zionism
