Carrying The Shadow Carrying The Shadow:

The Handbook of Jungian Psychology Renos K. Papadopoulos, 2006 The Handbook of Jungian Psychology provides a comprehensive systematic and competent treatment of the central tenets of Jung's work. It will be a unique source of authoritative information on Jungian psychology.

Wheel of Initiation Julie Tallard Johnson, 2010-07-12 A guide to personal spiritual initiation through the transformation of habitual patterns, apathy, and resistance. Based on the Native American medicine wheel, the Vedic wheel, and the universal initiatory mandala. Enables readers from any tradition to initiate themselves through practices of thought transformation, narrative medicine, meditation exercises, rituals, and journaling. Facilitates breaking through personal and societal illusions that perpetuate resistance and apathy. Intentions and spiritual principles, meditation and contemplation, ritual and risk-taking are the conditions that comprise an initiated life. Regrettably, in modern society, we do not have rites of initiation that break through the personal and societal illusions that instill and perpetuate negative habits that keep us in states of resistance. Lacking initiation practices, we often remain trapped in ways of being in the world that were formed by our past conditions and attachments. We tend to identify too strongly with the status quo, which must be challenged to prevent stagnation and to encourage happiness and authenticity. Julie Tallard Johnson shows how to become initiated into an authentic life through practices of thought transformation, cultivating attention, journaling, storytelling, and rituals found in the four directions of the universal mandala. She begins the Wheel of Initiation in the South where initiates set their intentions, then moves into the West where they free themselves from habitual patterns and core beliefs, then into the North, the direction of cultivating attention and unity, and finishes in the East, the direction of regeneration and initiation. Drawing upon the life experiences of those who have successfully navigated the wheel, Johnson demonstrates that once fears, assumptions, and ingrained beliefs are confronted and transformed, initiates emerge ready to reenter society with renewed energy and vision that will enrich their own lives and their communities.

The Zero Point Agreement Julie Tallard Johnson, 2013-12-01 A practical guide to stop searching for meaning by creating meaning from within. Explains how we can only discover who we are by naming what we want to be and taking steps to make it a reality. Offers simple evidence-based methods to generate enthusiasm, creativity, and direct spiritual experience and to co-create with the natural world as our ancestors did. Presents 11 core principles for living life from within, such as how to take full responsibility for motivation and effort, express gratitude, and focus your intention. Everyone wants to experience purpose and inspiration in their lives, but the search for meaning often leaves a seeker in the hands of fate. Offering a different approach to self-discovery, one where we create our meaning from within rather than seek it from the outside world, Julie Tallard Johnson shows there is a science behind personal spiritual experiences and creativity. She reveals simple evidence-based methods that can be applied to any situation to generate enthusiasm, inspiration, and direct spiritual experience and transform the inner and outer landscapes of your life. Drawing from the Heart Sutra, the I Ching, indigenous wisdom, and the teachings of the Dalai

Lama Joseph Campbell and the Kadampa master Atisha Johnson outlines a practice centered on what she calls the Zero Point Agreement the realization that you are the zero point of your life that life's purpose comes from within She explains how to discover who you truly are by naming what you want to be and taking steps to make it a reality Providing 11 core principles for the Zero Point Agreement as well as thought exercises meditations and journaling practices Johnson shows how to break free from negative habitual states liberate yourself from your attachment to the behaviors of others take full responsibility for motivation and effort express gratitude focus your intention and learn to co create with the natural world She also explores how to transform repressed material and how to apply the Zero Point Agreement to heal both personal and global relationships Revealing how we can tap in to the creative creational power that lies within and around each of us Johnson offers a spiritual technology for self illumination creative restructuring of your life and manifestation of your life's purpose
