Global Culture/Individual Identity Gordon Mathews, 2002-09-11 Most people still think of themselves as belonging to a particular culture Yet today many of us who live in affluent societies choose aspects of our lives from a global cultural supermarket whether in terms of food the arts or spiritual beliefs So if roots are becoming simply one more consumer choice can we still claim to possess a fundamental cultural identity Global Culture Individual Identity focuses on three groups for whom the tension between a particular national culture and the global cultural supermarket is especially acute Japanese artists American religious seekers and Hong Kong intellectuals after the handover to China These ethnographic case studies form the basis for a theory of culture which we can all see reflected in our own lives Gordon Mathews opens up the complex and debated topics of globalization culture and identity in a clear and lively style *Hong Kong on the Move* Carola McGiffert, James T.H. Tang, 2008-10-14 Global Hong Kong Cindy Wong, Gary McDonogh, 2014-06-03 Global Hong Kong locates Hong Kong in the contemporary globalizing world Hong Kong as the authors argue is an archetypal place sitting at the intersection of East and West It is also a major center for global capital flows and world trade Moreover in recent years the island's global cultural power has become increasingly evident as Hong Kong popular culture has spread to the West via a booming film industry While looking at issues of postcoloniality transnationalism and economic globalization Wong and McDonogh focus on the new cultures and social formations of contemporary Hong Kong as well as the transformation of the physical city itself They also trace the new interconnections economic demographic social and cultural between Hong Kong and other parts of the world that have been fostered by globalization Books in this series look at how nations and regions across the world are navigating the tumultuous currents of globalization Concise descriptive interdisciplinary and

theoretically informed they serve as ideal introductions to the peoples and places of our increasingly globalized world

Keeping Democracy at Bay Suzanne Pepper, 2008 This thoroughly researched study provides an invaluable account of Hong Kong's political evolution from its founding as a British colony to the present Exploring the interplay between colonial capitalist communist and democratic forces in shaping Hong Kong's political institutions and culture Suzanne Pepper offers a fresh perspective on the territory's development and a gripping account of the transition from British to Chinese rule The author carries her narrative forward through the lives of significant figures capturing the personalities and issues central to understanding Hong Kong's political history Bringing a balanced view to her often contentious subject she places Hong Kong's current partisan debates between democrats and their opponents within the context of China's ongoing search for a viable political form The book considers Beijing's increasing intervention in local affairs and focuses on the challenge for Hong Kong's democratic reformers in an environment where ultimate political power resides with the communist led mainland government and its appointees

Identity in Community Paul Kwong, 2011 The term ContactZone was coined in postcolonial discourse to signify the place where cultures and religions meet It implies that first contact cultural religious exchange and conflict have always been determined by power relations Through making use of communication theories hermeneutics and aesthetics intercultural theology generates new terminologies and theoretical tools to explore these interactions Its scope ranges from issues such as dialogue and syncretism to fundamentalism and ethnicity Perspectives of culture religion race class and gender alike are involved in the necessary multi axial approach ContactZone is going to create a space where a choir of multiple voices is responding to the challenges of the cultural religious pluralism of the 21st century Archbishop Paul Kwong 1950 develops the idea of identity in community as central to the mission and theological agenda of Christians in Hong Kong In a wide ranging multidisciplinary study he analyzes diverse perspectives on the territory's recent history and compares the methodological approaches of local theologians with contextual theologies from other parts of the world He argues that the overlapping cultural and religious identities of Christians in the Hong Kong Special Administrative Region SAR of China can empower Hong Kong people to embrace rather than to exclude differences and otherness so that they can accept and live out their identities in community without having to make a choice for one among the many

In from the Cold John Blaxland, Michael Kelly, Liam Brewin Higgins, 2020-03-05 Open hostilities in the Korean War ended on the 27th of July 1953 The armistice that was signed at that time remains the poignant symbol of an incomplete conclusion of a war that retains a distinct possibility of resuming at short notice So what did Australia contribute to the Korean War from June 1950 to July 1953 What were the Australians doing there How significant was the contribution and what difference did it make What has that meant for Australia since then and what might that mean for Australia into the future Australians served at sea on land and in the air alongside their United Nations partners during the war They fought with distinction from bitterly cold mountain tops to the frozen decks of aircraft carriers and in dogfights overhead This book includes the perspectives of

leading academics practitioners and veterans contributing fresh ideas on the conduct and legacy of the Korean War International perspectives from allies and adversaries provide contrasting counterpoints that help create a more nuanced understanding of Australia's relatively small but nonetheless important contribution of forces in the Korean War The book finishes with some reflections on implications that the Korean War still carries for Australia and the world to this day
