Deleuze Guattari Emergent Law Nomikoi Critical Legal Thinkers:

Deleuze & Guattari Jamie Murray,2013 Deleuze arguing that it provides the basis for a new jurisprudence capable of creating new concepts of legality **Deleuze & Guattari** Jamie Murray,2013-07-18 Deleuze arguing that it provides the basis for a new jurisprudence capable of creating new concepts of legality **Niklas Luhmann: Law, Justice, Society** Andreas Philippopoulos-Mihalopoulos,2009-09-10 Niklas Luhmann Law Justice Society presents the work of sociologist Niklas Luhmann in a radical new light Luhmann s theory is here introduced both in terms of society at large and the legal system specifically and for the first time Luhmann s texts are systematically read together with theoretical insights from post structuralism deconstruction phenomenology radical ethics feminism and post ecologism In his far reaching book Andreas Philippopoulos Mihalopoulos distances Luhmann s theory from its misrepresentations as conservative rigorously positivist and disconnected from empirical reality and firmly locates it in a sphere of post ideological jurisprudence The book operates both as a detailed explanation of the theory s concepts and as the locus of a critique which brings forth Luhmann s radical credentials The focal points are Luhmann s concept of society and the law s paradoxical connection to justice However these concepts are also transgressed in order to show how the law deals with the illusion of its identity and more broadly how the theory itself deals with its limitations This is illustrated by examples drawn from human rights constitutional theory and ecological thinking On the whole Niklas Luhmann Law Justice Society serves both as an introductory text and as a critical response to Luhmann s theory and is recommended reading for students and researchers in sociology law social sciences politics and whoever is interested in seeing the influential work of Niklas Luhmann from a critical new perspective

Althusser and Law Laurent De Sutter,2013 Althusser from the privatisation of Public Law to the ongoing hegemony of Commercial Law and from the discourse on Human Rights to the practice of judicial courts Is Althusser still useful in helping us to understand these struggles Does he have something to teach us about how law is produced and how it is used and misused This collection demonstrates that Althusser s ideas about law are more important and more contemporary than ever Indeed the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life **Ranciere and Law** Monica Lopez Lerma,Julen Etxabe,2017-11-06 This book is the first to approach Jacques Ranci re s work from a legal perspective A former student of Louis Althusser Ranci re is one of the most important contemporary French philosophers of recent decades offering an original and path breaking way to think politics democracy and aesthetics Ranci re s work has received wide and increasing critical attention but no study exists so far that reflects on the wider implications of Ranci re for law and for socio legal studies Although Ranci re does not pay much specific attention to law and there is a strong temptation to identify law with what he terms the police order much of Ranci re s historical work highlights the creative potential of law and legal language with important legal implications and ramifications So rather than excavate the Ranci rean corpus for isolated statements about the law this volume reverses such a method and

asks what would a Ranci re inspired legal theory look like Bringing together specialists and scholars in different areas of law critical theory and philosophy this rethinking of law and socio legal studies through Ranci re provides an original and important engagement with a range of contemporary legal topics including constituent power and democracy legal subjectivity human rights practices of adjudication refugees the nomos of modernity and the sensory configurations of law It will then be of considerable interest to those working in these areas **Jacques Derrida** Jacques de Ville,2012-11-30

Jacques Derrida *Law as Absolute Hospitality* presents a comprehensive account and understanding of Derrida s approach to law and justice Through a detailed reading of Derrida s texts Jacques de Ville contends that it is only by way of Derrida s deconstruction of the metaphysics of presence and specifically in relation to the texts of Husserl Levinas Freud and Heidegger that the reasoning behind his elusive works on law and justice can be grasped Through detailed readings of texts such as *To Speculate on Freud* *Adieu* *Declarations of Independence Before the Law* *Cogito and the history of madness* *Given Time* *Force of Law and Specters of Marx* De Ville contends that there is a continuity in Derrida s thinking and rejects the idea of an ethical turn Derrida is shown to be neither a postmodernist nor a political liberal but a radical revolutionary De Ville also controversially contends that justice in Derrida s thinking must be radically distinguished from Levinas s reflections on the other It is the notion of absolute hospitality which Derrida derives from Levinas but radically transforms that provides the basis of this argument Justice must on De Ville s reading be understood in terms of a demand of absolute hospitality which is imposed on both the individual and the collective subject A much needed account of Derrida s influential approach to law Jacques Derrida *Law as Absolute Hospitality* will be an invaluable resource for those with an interest in legal theory and for those with an interest in the ethics and politics of deconstruction **Carl Schmitt** Michael Salter,2012 There has been and continues to be a remarkable revival in academic interest in Carl Schmitt s thought within politics but this is the first book to address his thought from an explicitly legal theoretical perspective as it addresses the actual and potential significance of Schmitt s thought for debates within contemporary Anglo American legal theory that have emerged during the past three decades *Law and Art* Oren Ben-Dor,2012-03-29 The contributions to *Law and Art* address the interaction between law justice the ethical and the aesthetic *Zizek and Law* Laurent de Sutter,2015-03-05 The very first book dedicated to Slavoj

Zizek s theoretical treatment of law this book gathers widely recognized Zizek scholars as well as legal theorists to offer a sustained analysis of the place of law in Zizek s work Whether it is with reference to symbolic law psychoanalytical law religious law positive law human rights to Lacan s Hegel s or Kant s philosophies of law or even to Jewish or Buddhist law Zizek returns again and again to law And what his work offers this volume demonstrates is a radically new approach to law and a rethinking of its role within the framework of radical politics With the help of Zizek himself who here and for the first time directly engages with the topic of law this collection provides an authoritative account of Zizek and law It will be invaluable resource for researchers and students in the fields of law legal theory legal philosophy political theory

psychoanalysis theology and cultural studies Giorgio Agamben Thanos Zartaloudis, 2010-02-25 This book offers a thorough introduction to and engagement with the jurisprudential political and philosophical thought of the influential Italian philosopher Giorgio Agamben. Critically introducing Agamben's work to both a readership in legal theory and in the humanities and social sciences more generally, Zartaloudis takes up the three main themes of Agamben's recent work: Power in its relation to bio politics, capitalism, social systems, control and political theory; Law in its relation to philosophy, violence, rights, states of exception and sovereignty; and Humanity in its relation to theories of ethics, the idea of the human, human rights discourse and the condition of refugees.

Thank you unquestionably much for downloading **Deleuze Guattari Emergent Law Nomikoi Critical Legal Thinkers**. Most likely you have knowledge that, people have look numerous time for their favorite books next this Deleuze Guattari Emergent Law Nomikoi Critical Legal Thinkers, but end in the works in harmful downloads.
