Stuart J. Murray

Death Begins Unalive:

Death Begins Sid Ghost, 2012-12-15 The first volume in the Unalive series Nikolau is adjusting to the transformation between human and vampire He is taken in by a clan lead by a vampire named Epod and soon he is thrown into chaos and confusion as he tries to fight off the dark monster he is slowly becoming **The Living from the Dead** Stuart J.

Murray, 2022-09-20 In a society that aims above all to safeguard life how might we reckon with ethical responsibility when we are complicit in sacrificial economies that produce and tolerate death as a necessity of life Arguing that biopower can be fully exposed only through an analysis of those whom society has let die Stuart J Murray employs a series of transdisciplinary case studies to uncover the structural and rhetorical conditions through which biopower works These case studies include the concept of sacrifice in the war against COVID 19 where emergent cultures of pandemic resistance are explored alongside suicide bombings and military suicides the California mass hunger strikes of 2013 legal cases involving preventable and untimely childhood deaths exposing the irreconcilable claims of anti vaxxers and Indigenous peoples and the videorecording of the death of a disabled Black man Murray demonstrates that active resistance to biopower inevitably reproduces tropes of making live and letting die His counter to this fact is a critical stance of disaffirmation one in which death disrupts the politics of life itself A philosophically nuanced critique of biopower *The Living from the Dead* is a meditation on life death power language and control in the twenty first century It will appeal to students and scholars of rhetoric philosophy and critical theory *A Death for Beauty Or an Immortal* Alberto Rios Arias, 2011-05 Set during the Civil War a troubled young woman struggles with her conscience after the suspicious death of her unfaithful husband When her dreams of a new life seem hopeful she ventures across the western plains with her sickly daughter in tow and an unscrupulous businessman who promises her a pot of gold But the seeds of this dangerous venture sown in blood yield the unexpected and what she encounters along the fringes of the Oregon Trail in the dark corners of the prairies will change her life forever *Living with the Dead* J. Jeremy Wisniewski, 2023-04-14 This book explores the moral place of the dead in our lives and in our afterlives It argues that our lives are saturated by the past intentions and values of the dead and that we offer the dead a form of modest immortality by fulfilling our obligations to remember them In the first part of the book the author examines the scope and limits of our obligations to the dead Our obligations to respect the wishes of the dead are more substantial than commonly acknowledged but they can be overridden in a range of cases when they conflict with the vital interests of the living such as in organ donation and wealth inheritance By contrast the author contends that the obligation to remember at least collectively cannot be completely overridden In the second part of the book the author argues that tradition offers the dead a form of modest immortality the dead live on insofar as we enact those intentional states with which they most identified He draws on the Confucian view of ritual to argue that ritual absorption reincarnates the dead in the actions of the living Finally the author defends a Jamesian account of a pluralistic self that is consistent with the view that we have

obligations to the individual dead and that the selves of the dead are pragmatic constructions Living with the Dead will appeal to scholars and students interested in the philosophy of death ethics and cross cultural philosophy **The Ontology of Death** Aaron Aquilina, 2023-05-18 Through examination of the death penalty in literature Aaron Aquilina contests Heidegger's concept of being towards death and proposes a new understanding of the political and philosophical subject Dickens Nabokov Hugo Sophocles and many others explore capital punishment in their works from Antigone to Invitation to a Beheading Using these varied case studies Aquilina demonstrates how they all highlight two aspects of the experience First they uncover a particular state of being or more precisely non being that comes with a death sentence and second they reveal how this state exists beyond death row as sovereignty and alterity are by no means confined to a prison cell In contrast to Heidegger's being towards death which individualizes the subject only I can die my own death supposedly this book argues that when condemned to death the self and death collide putting under erasure the category of subjectivity itself Be it death row or not when the supposed futurity of death is brought into the here and now we encounter what Aquilina calls relational death Living on with death severs the subject's relation to itself the other and political sociality as a whole rendering the human less a named and recognizable being than an anonymous living corpse a human thing In a sustained engagement with Blanchot Levinas Hegel Agamben and Derrida The Ontology of Death articulates a new theory of the subject beyond political subjectivity defined by sovereignty and beyond the Heideggerian notion of ontological selfhood

The Nearly Dead and The Newly Bred Ava A., 2025-01-20 Even as a child Ava sensed something was terribly wrong with her life Snatched from her parents arms she might never have known about her abductors connection with the shadows of the underworld She possessed the very things they needed but could never have the God gifted powers of love and light In *The Nearly Dead* and *the Newly Bred* Ava shares her story of how she learned to master surviving an isolated childhood and to battle the demons plaguing her tormented soul Her family's royal but cursed bloodline rested on her frail shoulders failure was not an option and victory seemed impossible Her loyalty was lethal but coupled with her strong faith that in all things there was some good she strategized her way through most of her life though not without injury Her life was destined to be anything but easy Ava chronicles her unbelievable life experiences hoping to help others not only kick start but liberate themselves from being stuck in survival mode **Songs of a Dead Dreamer and Grimscribe** Thomas Ligotti, 2015-10-06

Two terrifying classics by the best kept secret in contemporary horror fiction The Washington Post Thomas Ligotti's debut collection *Songs of a Dead Dreamer* and his second *Grimscribe* permanently inscribed a new name in the pantheon of horror fiction Influenced by the strange terrors of Lovecraft and Poe and by the brutal absurdity of Kafka Ligotti eschews cheap gory thrills for his own brand of horror which shocks at the deepest existential levels Ligotti's stories take on decaying cities and lurid dreamscapes in a style ranging from rich ornamental prose to cold clinical detachment His raw and experimental work lays bare the unimportance of our world and the sickening madness of the human condition Like the greatest writers of

cosmic horror Ligotti bends reality until it cracks opening fissures through which he invites us to gaze on the unsettling darkness of the abyss below For more than sixty five years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 500 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

The Event of Death: a Phenomenological Enquiry I. Leman-Stefanovic,2012-12-06 Building upon the preliminary conception of Phenomenology introduced by Heidegger in section II of the Introduction to Sein und zeit I one may say that a phenomenology of death would mean to let death as that which shows itself be seen from itself in the very way in which it shows itself from itself Does this mean then that a properly phenomenological description of death may reveal to us what death as a factual event is like in the very way in which it shows itself from itself Although I cannot experience my death in order to describe it may some kind of phenomenological inference or extrapolation² be the condition for a unique and privileged revelation of what it is like to be dead There is an important element of phenomenological description which renders such an extrapolation implausible and it involves what Husserl originally called the reduction to significance or meaning It can never be true for the phenomenologist 1 Heidegger Martin Sein und zeit p 34 e t page 58 2 Henry W Johnstone Jr thinks that while one cannot extrapolate from the experience of sleep to the experience of death it may be possible to extrapolate from the phenomenology of sleep to the phenomenology of death Cf H W Johnstone Jr Toward a Phenomenology of Death in Philosophy and Phenomenological Research Vol XXXV No 3 1975 pages 396 7 Cf

Modernity and its Futures Past Nishad Patnaik,2023-11-20 The work reimagines emancipatory possibilities in the face of reified capitalist modernity The enlightenment resulted in a

disenchanted world stripped of anthropomorphised meaning and purpose This world in its capitalistic figuration alienates us from others and from nature To rearticulate emancipatory possibilities requires a non alienated relation to society and nature Yet modernist disenchantment cannot be undone by returning to pre modern enchantment Rather such rearticulation calls for the recovery of unalienated life from within non reified modernity by renewing its universalist dimension
