continuing professional development and Masters level study      **Research and Debate in Primary Geography** Simon Catling, 2017-10-02 This book brings together recent papers which make important contributions to understanding and developing primary geography. It considers primary teachers and trainee teachers' knowledge of geography, how the primary curriculum uses geography, teachers' planning of geography teaching, the way in which aspects of geography are taught, what high quality geography might look like, and children's geographical understanding and voices. Though geography curricula change quite often in countries around the world, the core matters noted above remain of constant and vital importance. The papers in this book either concern research with primary teachers and children or consider key concerns in primary geography, providing important perspectives for thinking about future developments in geography teaching and curriculum initiatives in primary schools. This is a stimulating and enticing collection written by leading exponents of and experts in primary geography education. This book was originally published as a special issue of *Education* 3 13      *What is Geography Teaching, Now?* Catherine Owen, Jennifer Monk, 2025-09-19 *What is Geography Teaching Now* is a comprehensive guide compiling teaching methods for over 40 aspects of geography teaching from everyday topics such as assessment, pedagogy and resources to the challenges facing modern geography teachers such as environmental education, decolonising the geography curriculum and geography in relation to gender and sexuality. Catherine Owen and Jennifer Monk have drawn on the classroom practice and experience of a range of practitioners to tackle the most difficult topics in a concise but enthralling manner, highlighting the importance of professional development in the geography classroom. Practical strategies are woven throughout the book alongside questions for reflection and suggestions for further research and reading, making this must-have volume perfect for geography teachers at any stage of their careers.
