somewhere to revisit when we need them most the calming sound of the sea that childlike joy when you feel the sun hit your face on an early February morning These small details knitted together make up our perfect ordinary lives Few understood the importance of these more than Sarah Hughes who lived with terminal metastatic cancer for over three years and who died in April 2021 This book is a celebration of everything that can make up a life and how to hold it all close how to cherish the perspective changing exhale bringing perspective of a trashy novel how to find the upside of chemo finally being able to fit into flippy french tea dresses how to explore the intimate topography of a body that s yours and yours alone For fans of Matt Haig and Maggie O Farrell this is a tender word of mouth bestseller the sort of book you ll press into the hands of your friends family and a stranger in a bookshop
