

DIFFERENTIAL EQUATIONS

The book cover features a vibrant image of a satellite in space. The satellite is a complex structure with a large, circular dish antenna at the top, various instruments, and solar panels. It is set against a deep purple and blue background that represents the Earth's atmosphere and outer space. A bright, glowing white and yellow light source, possibly the sun, is positioned behind the satellite, creating a strong lens flare effect that streaks across the cover. The overall aesthetic is scientific and technological.
