Protect Your Online Identity Like Your Virginity Abhishek Singh Rajpurohit, 2019-01-07 The Web and social media are still uncharted territories for many people A few people understand the future of the digital world A few know how to stay relevant in this digital realm which is prowled by digital ninjas looking for prey ready to ride on your coattails or to destroy you or your company's reputation for their own gain News of big corporations attacked by hackers children abused by internet predators and information leaked in dark web surfaces on the media every other week flooding the digital space Long story short the internet is a place where honor won't get you that far and the only way to survive in this harsh world is to fight fire with fire The time has come to use this book as your guiding light and become a digital ninja

Human Rights and the Impact of ICT in the Public Sphere: Participation, Democracy, and Political Autonomy Akrivopoulou, Christina M., Garipidis, N., 2014-06-30 The creation of a new public realm through the use of the Internet and ICT may positively promote political liberties and freedom of speech but could also threaten the political and public autonomy of the individual Human Rights and the Impact of ICT in the Public Sphere Participation Democracy and Political Autonomy focuses on the new technological era as an innovative way to initiate

democratic dialogue but one that can also endanger individual rights to freedom privacy and autonomy This reference book focuses on the new opportunities technology offers for political expression and will be of use to both academic and legal audiences including academics students independent authorities legislative bodies and lawyers *Intelligence and Information Policy for National Security* Jan Goldman, Susan Maret, 2016-08-08 Building on Goldman's Words of Intelligence and Maret's On Their Own Terms this is a one stop reference tool for anyone studying and working in intelligence security and information policy This comprehensive resource defines key terms of the theoretical conceptual and organizational aspects of intelligence and national security information policy It explains security classifications surveillance risk technology as well as intelligence operations strategies boards and organizations and methodologies It also defines terms created by the U S legislative regulatory and policy process and routinized by various branches of the U S government These terms pertain to federal procedures policies and practices involving the information life cycle national security controls over information and collection and analysis of intelligence information This work is intended for intelligence students and professionals at all levels as well as information science students dealing with such issues as the Freedom of Information Act *Reckless Disregard* L. D. Pennington, 2013-09-09 *Reckless Disregard* Defending the Truth and Protecting Yourself Against Character Assassins and Workplace Conspiracies is a cautionary tale on the need to protect your reputation against workplace attacks It investigates the real life paper trail left by the employers of a respected executive director of a nonprofit who received a termination letter which wrongly accused him of committing three felonies His termination was made brutally public destroying his reputation and ability to find employment Brandstorm: Surviving and Thriving in the New Consumer-Led Marketplace Liz Nickles, Savita Iyer, 2012-11-13 Branding has become ubiquitous with new brands becoming word of mouth successes literally overnight and many welcome the easy familiarity they bring to daily life But now brand proliferation is threatening not only to stifle true choice in the marketplace but to render hard won brand identities some decades in the making meaningless With today's unprecedented access to thousands of brands a day via Twitter Facebook and the rest the balance of brand power is shifting irrevocably away from the businesses behind them In *Brandstorm* branding guru Liz Nickles argues that as a result the brand is no longer a value proposition in itself and that marketers and brand managers must stop the dilution and focus on meaningful market specific reinvention for those brands that can stand the test of time She offers the success secrets behind leading brands like Ralph Lauren Justin Bieber and Revlon and how to channel them today Violence and Society: Breakthroughs in Research and Practice Management Association, Information Resources, 2016-11-02 Violent behavior is an unavoidable aspect of human nature and as such it has become deeply integrated into modern society Examining violence through a critical and academic perspective can lead to a better understanding of its foundations and implications *Violence and Society Breakthroughs in Research and Practice* explores the social and cultural influences of violence on human life and activity Focusing on emerging research perspectives case studies
