Lindsey, 2013-06-20 High impact strategies to improve student outcomes Positive systemic change begins when school leaders elevate understanding and propel schools toward safe and diverse friendly environments To combat anti gay discrimination educators often use silence policy legislation and compliance This brave book maintains that building safe and welcoming schools begins not only with effective and appropriate policy but also with inside out analysis of one's own beliefs and values Resulting cultural proficiencies boost empathy and improve learning environments On this simple premise readers will find Inside out growth through personal stories and case studies Reflection through activities appropriate for individuals and teams Insight through current responses to bullying *Serving LGBTQ Teens* Lisa Houde, 2018-06-04 There are few places an LGBTQ teen can turn for help searching the internet at home leaves a potentially discoverable trail teachers may condemn youth who seek their help and certainly in many cases a teen's parents are not an option While there have been advancements in acceptance of the LGBTQ population there is still a firm stronghold on discrimination and teens still face the fear of potential alienation This leaves one of the only safe places for a teen to find information and and indeed find themselves in the context of the world at the library *Serving LGBTQ Teens* offers the librarian a practical guide to library service to LGBTQ teens from collection development understanding terminology dealing with censorship issues programming and outreach readers advisory and even to creating welcoming displays librarians will find the tools they need to offer exceptional services for LGBTQ teens *Queering Classrooms* Erin A. Mikulec, Paul Chamness Miller, 2016-11-01 This book discusses the need for teacher education programs to better address LGBTIQ issues It argues for integrating these needs throughout the curriculum rather than treating them as isolated topics Through narratives and research it highlights the struggles of queer youth and how teachers can better support them *Can I Teach That?* Suzanne Linder, Elizabeth Majerus, 2016-07-11 *Can I Teach That* Negotiating Taboo Language and Controversial Topics in the Language Arts Classroom is a collection of stories strategies advice and documents collected for teachers who are using or plan to use materials or implement policies they know may be controversial It is for any teacher dedicated to engaging their students in the complex challenging and rewarding activities of

reading and writing for any teacher committed to speaking honestly with students For any teacher period Because when we decide to work with young people when we commit to sharing books and ideas that engage their hearts and minds when we strive to get adolescents to think critically and write honestly we open ourselves up to suspicion and critique from someone somewhere no matter how above reproach we feel our materials and strategies are Few language arts teachers will experience a full blown challenge to the content of their curriculum but many may self censor or suffer through awkward and challenging conversations with colleagues administrators parents and other members of their community This book is for those times when teachers are called on to defend and legitimize their use of controversial material in their classroom material that they know reflects students reality even as it makes adults uncomfortable and fearful about their inability to protect children from that very reality
