Dilemmas Of Desire Dilemmas Of Desire:

Dilemmas of Desire Deborah L. TOLMAN, Deborah L Tolman, 2009-06-30 Be sexy but not sexual Don't be a prude but don't be a slut These are the cultural messages that barrage teenage girls In movies and magazines in music and advice columns girls are portrayed as the object or the victim of someone else's desire but virtually never as someone with acceptable sexual feelings of her own What teenage girls make of these contradictory messages and what they make of their awakening sexuality so distant from and yet so susceptible to cultural stereotypes emerges for the first time in frank and complex fashion in Deborah Tolman's *Dilemmas of Desire* A unique look into the world of adolescent sexuality this book offers an intimate and often disturbing sometimes inspiring picture of how teenage girls experience understand and respond to their sexual feelings and of how society mediates shapes and distorts this experience In extensive interviews we listen as actual adolescent girls both urban and suburban speak candidly of their curiosity and confusion their pleasure and disappointment their fears defiance or capitulation in the face of a seemingly imperishable double standard that smiles upon burgeoning sexuality in boys yet frowns even panics at its equivalent in girls As a vivid evocation of girls negotiating some of the most vexing issues of adolescence and as a thoughtful richly informed examination of the dilemmas these girls face this readable and revealing book begins the critical work of understanding the sexuality of young women in all its personal social and emotional significance

Of Desires, Dilemmas and Divinity Prachi Joshi Johar, 2016-11-21 Gentle breezes of dreams gales of lust and storms of predicament blow across the black dottings on white throughout this collection And all of them irrespective of their strength of intensity shall fan the soul to find a resonance with each beating heart It is a soliloquy of unfulfilled passion and an uninhibited celebration of the tossing of human mind in all its nebulous glory This work is a journey of seeking and satiation of inertia and its imploding of lust and love of the monotonous turned mystical and most importantly of a human in search of the self

Women, Girls & Psychotherapy Carol Gilligan, Annie G. Rogers, Deborah L. Tolman, 1991 Adolescent girls' special needs in the teen age years are thoroughly examined in *Women Girls* adolescent female sexuality new approaches to psychological problems commonly seen in girls and women female adolescent health and diverse perspectives and experiences of growing up female The voices of young women are increasingly important in the exploration of the field of psychotherapy and among the voices included are those from African Americans Asian Americans and lesbians An enlightening look at resistance in females in the growing up years this volume provides valuable insight on their experiences The work of many researchers therapists and educators with diverse backgrounds *Women Girls Psychotherapy* is an informative book on distinct psychological issues facing young females

Hermes' Dilemma and Hamlet's Desire Vincent Crapanzano, 1992 In essays that question how the human sciences particularly anthropology and psychoanalysis articulate their fields of study Crapanzano addresses nothing less than the enormous problem of defining the self in both its individual and collective projections

Moral Dilemmas Daniel Statman, 2021-11-15 Moral dilemmas set a challenge for ethical

theory They are situations where agents seem to be under an obligation both to do and to refrain from doing a specific act Are such situations possible What is their exact nature These are the questions that Moral Dilemmas tries to answer The book argues that moral theories should not allow for the possibility of irresolvable dilemmas for situations in which no right answer exists To this end arguments seeking to prove the existence of irresolvable dilemmas especially the argument from the incommensurability of values are discussed at length and refuted The book shows that though on the normative level dilemmas are resolved they typically involve a high moral cost for which there is no adequate compensation This moral cost is the source of the regret and pain suffered by agents in moral dilemmas Thus moral dilemmas do not point to any inconsistency in our moral reasoning or theory but to a problematic aspect of the human condition at times probably less often than is usually believed human beings are justified and even required to dirty their hands by behaving in ways that in ordinary situations would be strictly forbidden and condemned

My "Bright" Word Adi Da Samraj, 2005 In *My Bright Word* a new edition of the collection of classic spiritual discourses originally published as *The Method of the Siddhas* Avatar Adi Da elucidates the fundamentals of radical self understanding or His Revelation of the Way of Adidam These include The basic principle of egoic existence the search which Avatar Adi Da later communicated in its simplest terms You want to feel good because you feel bad Therefore you are seeking in order to feel good The essential ego fault and the means for overcoming it

- 1 Truth cannot be realized by seeking for it The seeking itself is the problem When there is no seeking Truth or Reality is obvious
- 2 Freedom or Divine Liberation is not dependent on any objective entity or process Freedom or Divine Liberation is always already the case

The single logic of egoic life the logic or process of separation itself of enclosure and immunity informs every function of the living being every experience every act every event The grace given process of radical self understanding observe your own self contracting activity Understand your own self contracting activity Transcend your own self contracting activity In modern language this volume teaches the ancient all time trans egoic truth transforming the student by paradox and by example Consciousness understanding and finally the awakened self are the potential rewards
