Leadership Material Diana Jones, 2017-04-25 How do you become influential What are the qualities that ensure people are drawn to you And how do you develop these Personal experience is the raw material for building executive presence Viewed as touchy feely intangible and invisible most leaders separate their personal lives from their professional ones Executive coach Diana Jones argues that this is unwise In fact the soft side of leadership empathy compassion and authentic communication derived from personal experience is both powerful and essential to enhancing executive presence influencing others and achieving results Through compelling stories and examples from Jones's coaching sessions readers will learn how to make enduring behavioral changes that will produce better business results and create alignment among disparate groups using empathy and leadership language

The Techniques of Inner Leadership Gilbert W. Fairholm, 2003-10-30 Leadership is fundamentally different from management but traditional leadership skills were based on an ill fitting management oriented model When leadership is recognized as a discrete professional specialty new techniques and methods are needed to operationalize the new values based theories In addition to distinguishing leadership from management this book distinguishes inner leadership practiced by those in the middle ranks from leadership as practiced by the CEO Inner leadership is an applied complex of specialized knowledge theory skills attitudes and attributes used to make things happen in the lives and behavior of other community members The leader's goal is to cause followers to accept the leader's values e g his or her standards of what are acceptable goals behavior and overall conduct as their own It is an intimate personal life transforming task that resolves itself into a set of discrete techniques sets of attitudes actions and intentions that distinguish leaders from managers or other corporate workers The special focus of the 21 leadership techniques presented here is on

those unique methods of group interaction that characterize leadership activities in the middle of the corporation These techniques represent a substantial body of inner leadership practice that differentiates leadership from all other group roles and functions
