Turning the Page Rachel Slaughter, 2021-03-05 There is a dearth of multicultural literature in schools since few schools offer a curriculum that promotes multicultural education However by the year 2050 ethnic minority children will make up the majority of the United States public school classrooms Multicultural literature is the building block of a multicultural education which reflects our nation's diversity and helps all students learn by providing help to bridge the cultural gap and promote racial awareness Teachers often find it difficult to identify or find quality multicultural literature that adheres to the standard curriculum *Turning the Page The Ultimate Guide for Teachers to Multicultural Literature* helps educators find and evaluate multicultural books that are suitable for the classroom and align with the standard curriculum The book includes a peer reviewed metric that shows teachers how to substitute biased books with multicultural literature that endorse the same themes Second the book includes reviews lesson plans and curated book lists of multicultural books Finally the book offers a stepwise plan on how to create a task force of school stakeholders who can implement a comprehensive multicultural program In 2018 The National Association for Multicultural Education released standards for multicultural education to encourage school staff to become culturally competent and linguistically diverse *Turning the Page The Ultimate Guide for Teachers to Multicultural Literature* moves educators in that direction **We Still Demand!** Patrizia Gentile, Gary

Kinsman, L. Pauline Rankin, 2017-01-31 *We Still Demand* recovers vibrant and unsung histories of sex and gender activism across Canada from the 1970s to the present Departing from conventional accounts this book demonstrates the varied nature of resistance and the productive power of remembering sex and gender struggles In attending to the records and accounts that have slipped out of view it also redraws the boundaries between activism and scholarship The first part of the book remembers these struggles Drawing on a rich history of activism the contributors recall 1970s same sex marriage activism early queer union organizing organizing against police repression early trans organizing the emergence of dyke marches the organization of black queer space at Toronto Pride events The second part of the book rethinks past and current struggles The authors address gender passing in historical research lesbian s m porn sex worker organizing problems with organizing against human trafficking queer immigration and refugee struggles and trans identity By recovering the history of activism and outlining contemporary challenges *We Still Demand* provides a vital rewriting of the history of sex and gender activism that will enlighten current struggles and activate new forms of resistance *On the Very Edge* Ian Kinane, 2025-01-15

On the Very Edge Bidentities in Michelle Cliff's Fiction uses the life and work of bisexual biracial and bicultural author Michelle Cliff 1946 2016 to develop an entirely new approach to intersectional cultural race and gender sexuality studies that prioritizes bi-ness as a methodological tool The book focuses not simply on bisexuality biracialism or biculturalism as isolated identity concepts rather it explores the very nature of these intersectional identity categories as configured by Cliff The text therefore represents a reclamation of bi-identity in Cliff's work as a much broader cultural and not just sexual or racial

category arguing that Cliff's spaces and/or stages of business are in themselves significant in understanding contemporary global identity politics as well as in navigating complex and often damaging identity constructs. Michelle Cliff partnered with poet Adrienne Rich and passing as white had an often invisible sexuality and cultural identity. Yet her acclaimed work *Abeng*, *No Telephone to Heaven*, *Bodies of Water*, *If I Could Write This in Fire*, *Free Enterprise* and others demonstrates the intersections between bisexuality, biracialism and biculturalism in often profound ways. Drawing on original research, interviews, diaries, editorials and other correspondences, *On the Very Edge* will have far-reaching implications in the understanding of complex Caribbean identity politics and intersectional race, gender and sexuality studies at large.

Defiant Bodies Nikoli A. Attai, 2023-07-14. In the Anglophone Caribbean, international queer human rights activists strategically located within and outside of the region have dominated interventions seeking to address issues affecting people across the region, a trend that is premised on an idea that the Caribbean is extremely homophobic and transphobic, resulting in violence and death for people who defy dominant sexual and gender boundaries. Human rights activists continue to utilize international financial and political resources to influence these interventions and the region's engagement on issues of homophobia, transphobia, discrimination and the HIV/AIDS epidemic. This focus, however, elides the deeply complex nature of queerness across different spaces and places and fails to fully account for the nuances of queer sexual and gender politics and community making across the Caribbean. *Defiant Bodies: Making Queer Community in the Anglophone Caribbean* problematizes the neocolonial and homoimperial nature of queer human rights activism in four Anglophone Caribbean nations: Barbados, Guyana, Jamaica and Trinidad and Tobago, and thinks critically about the limits of human rights as a tool for seeking queer liberation. It also offers critical insight into the ways that queer people negotiate, resist and disrupt homophobia, transphobia and discrimination by mobilizing on the ground and creating transgressive communities within the region.

Precarious Passages Tuire Valkeakari,2022-06-28 Precarious Passages unites literature written by members of the far flung Black Anglophone diaspora Rather than categorizing novels as simply African American Black Canadian Black British or postcolonial African Caribbean this book takes an integrative approach it argues that fiction creates and sustains a sense of a wider African diasporic community in the Western world Tuire Valkeakari analyzes the writing of Toni Morrison Caryl Phillips Lawrence Hill and other contemporary novelists of African descent She shows how their novels connect with each other and with defining moments in the transatlantic experience most notably the Middle Passage and enslavement The lives of their characters are marked by migration and displacement Their protagonists yearn to experience fulfilling human connection in a place they can call home Portraying strategies of survival adaptation and resistance across the limitless varieties of life experiences in the diaspora these novelists continually reimagine what it means to share a Black diasporic identity
