De Sovjetunie Na 1953

Stephen F. Cohen

De Sovjetunie Na 1953:

A History of Czechoslovakia Since 1945 Hans Renner, 2023-08-11 First published in 1989 A History of Czechoslovakia Since 1945 is a comprehensive account of Czechoslovakia under Communist rule tracing events from 1945 to 1990 The author focuses on the last twenty years in particular when the Prague Spring offered a brief period of liberalization but was followed by harder times with the hope of change fading and society becoming paralyzed Dr Renner describes vividly the country's fortunes under the Soviet rule of Stalin and Brezhnev and how it pioneered the policy of glasnost during the Prague Spring of 1968 The book concludes with a special look at the influence of Gorbachev's glasnost on the regime of Czechoslovakia Dr Renner combines a chronological overview with a passionate yet scholarly discussion of underlying political economic and cultural issues and developments making this book invaluable as an authoritative and lucid account of Czechoslovak history as well as an explanation of the role this country and in events played in the shaping of modern Europe

The Soviet System of Justice: Figures and Policy Ger P. van den Berg, 2024-09-02 *Rethinking the Soviet Experience* Stephen F. Cohen, 1986-01-16 This wide ranging volume cuts through Cold War stereotypes of the Soviet Union to arrive at fresh interpretations of that country's traumatic history and its present day political realities Replacing simplistic explanations of Soviet development Cohen challenges the popular view of the USSR as a totalitarian monolith and examines the possibilities for change that exist within the Soviet system today Copyright, Freedom of Speech, and Cultural Policy in the Russian Federation Michiel Elst, 2004-11-01 This book traces the impact of the economic and political perestroika on the copyright law of the late USSR and the Russian Federation The transformation of the administrative command economy into a market economy the introduction of the rule of law and the adoption of a natural law view on human rights the revolution in cultural policy all influenced both the contents and the function of copyright law for the authors entertainment and information industries and the consumers The book provides a detailed analysis of the freedom of expression and of copyright legislation in Russia always with an eye on historic comparisons and evolutions At the same time it gives a synthetic overview of the main changes in constitutional civil and economic law in the last 15 years **Prophets Unarmed** Gregor Benton, 2015-09-01 Prophets Unarmed is an authoritative sourcebook on the Chinese Communist Party's main early opposition the Chinese Trotskyists who emerged from the Chinese Communist Party in China and Moscow in reaction to its 1927 defeat In spite of being Trotskyism's main section outside Russia they were crushed by Stalin in Moscow and by Chiang Kai shek and Mao Zedong in China thus becoming China's most persecuted party Their strategy in the Japan war when they failed to take up arms was short sighted and doctrinaire and they had scant impact on the revolution Even so their association with Chen Duxiu and Wang Shiwei their attachment to democracy and their critique of Mao's bureaucratic socialism brought them a scintilla of recognition after Mao's death Their standpoints and proposals and their association with the democratic movement are not without relevance to China's present crisis of morals and authority Scholars of
