De Troeteltrend Of Het Petisjisme:

Nederlandsch letterkundig nieuwsblad ,1971 Dearest Pet Midas Dekkers,2000-11-17 People love animals a stroke here a pat there a quick nuzzle in that gorgeous fur the amount of cuddling they get can make you jealous In Holland dogs are caressed more than people Not as thoroughly though that one spot somewhere down below generally remains untouched Generally but certainly not always Kinsey s research showed that 8 per cent of men and 3 5 per cent of women had had sex with an animal and that in rural areas the figure for men was closer to 50 per cent Yet bestiality is almost universally condemned While our love for animals is extolled as noble and natural all erotic elements in the relationship between humans and other species are vilified and proscribed thus consigning them to the realm of exotic pornography or crude innuendo Even so something remains of physical love for animals In different forms sublimated or occasionally celebrated its traces can be found throughout art and popular culture in Leda and the Swan Beauty and the Beast or the Lorelei in a lubricious menagerie of satyrs and centaurs wolfmen and vampires all the way through to King Kong and Fritz the Cat pony clubs and amorous dolphins or even advertisements for luxury catfoods Dearest Pet uncovers and explores those traces illuminating the ambivalence of human attitudes to cross species sexuality Its author the biologist and broadcaster Midas Dekkers has analysed bestiality in all its aspects physical psychological and legal and examined its representations in religion and mythology art and literature pornography and advertising Beautifully and sometimes bizarrely illustrated his book is neither drily academic nor pruriently trivial but erudite witty and challenging the first history of the last taboo A book for animal lovers and for those who are just their good friends **Bulletin bibliographique mensuel** ,1972 *Revue du travail* ,1972-06 *De troeteltrend* Kathleen Szasz,1971
