Chapter 2

Tax Research, Practice, and Procedure

SUMMARY OF CHAPTER

Tax practice involves the preparation of tax returns and representation of clients before the audit or appellate divisions of the Internal Revenue Service. To become a competent professional, skilled in these three functional areas of tax practice, it is necessary to be proficient in the art of tax research.

Thus, this chapter includes a discussion of the internal organization of the IRS, the functions of the various administrative groups, the rules relating to practice before the IRS, and the procedures for examination of returns, including correspondence examinations, office examinations, and field examinations.
