

The CARMELITE Order – an ancient religious family in the Catholic Christian tradition – has offered encouragement and wise guidance to those journeying towards God since its origins in the Holy Land around the year 1200.

Through its contemplative spirituality of prayer, community building and service, Carmel has produced some of the greatest saints in the history of the Church. Their insights into nurturing an ever-deeper relationship with God and with neighbour – often in the most ordinary circumstances of life – continue to inspire Carmelite religious and lay around the world to this day.

This lavishly illustrated book introduces in an accessible way the spirituality and heritage of the Carmelites to those approaching the tradition for the first time, as well as being a useful formation resource for those already familiar with Carmel's riches. Its twenty reflections on different aspects of the Carmelite way of life will provide a source not only of information but also inspiration.

About the Editor: Johan Bergstrom-Allen is a member of the Carmelite Third Order Secular (a Lay Carmelite). He has a particular interest in the Order's initial and ongoing formation programmes. Higgins,2019-03-05 The philosopher theologian and biblical scholar Austin Farrer 1904 1968 highlighted in his various writings the central role that images play in the interpretation of biblical writings the construction of theological arguments and the descriptions of the Christian spiritual life Theologians down through the centuries have sought to revitalize the central biblical images as they addressed the pressing theological moral and spiritual questions of their day A Revitalization of Images offers students the opportunity to participate in this ongoing creative engagement with ten dominant biblical images that continue to shape the church s beliefs and practices as well as each Christian s own spiritual journey Sound theology is rooted in Scripture conversant with past thinkers and engaged in the present life of the church This dynamic directly informs Revitalization In each chapter we begin with a biblical image that has figured prominently in the Christian theological tradition Next we examine two prominent

voices from the Christian tradition who have drawn upon the image when crafting a compelling vision of the Christian life We then turn our attention to a contemporary thinker who has incorporated or critiqued the image in his or her own theological work This discussion is set within the current spectrum of theological positions including orthodox liberal postliberal and postmodern perspectives
