Crowning Glory Urban Christian:

The First Urban Churches 7 James R. Harrison, L. L. Welborn, 2022-11-11 The First Urban Churches 7 includes essays focused on the development of early Christianity from the mid first century through the sixth century CE in the ancient Macedonian city of Thessalonica. An international group of contributors traces the emergence of Thessalonica's house churches through a close study of the archaeological remains, inscriptions, coins, iconography, and Paul's two letters to the Thessalonians. After a detailed introduction to the city including the first comprehensive epigraphic profile of Thessalonica from the Hellenistic age to the Roman Empire, topics discussed include the Roman emperor's divine honors, coins, and inscriptions as sources of imperial propaganda; Thessalonian family bonds; Paul's apostolic self-image; the role of music at Thessalonica; and in early Christianity; and Paul's response to the Thessalonian Jewish community. Contributors include D. Clint Burnett, Alan H. Cadwallader, Rosemary Canavan, James R. Harrison, Julien M. Ogereau, Isaac T. Soon, Angela Standhartinger, Michael P. Theophilus, and Joel R. White.

Urban Tomographies Martin H. Krieger, 2011-03-08 Tomography is a method of exploring a phenomenon through a large number of examples or perspectives. In medical tomography, such as a CAT scan, two-dimensional slices or images of a three-dimensional organ are used to envision the organ itself. Urban tomography applies the same approach to the study of city life. To appreciate different aspects of a community from infrastructure to work to worship, urban planning expert Martin H. Krieger scans the myriad sights and sounds of contemporary Los Angeles. He examines these slices of life in *Urban Tomographies*. The book begins by introducing tomographic methods and the principles behind them, which are taken from phenomenological philosophy. It draws from the examples of Lee Friedlander and Walker Evans, as well as Denis Diderot, Charles Marville, and Eugène Atget, who documented the many facets of Paris life in three crucial periods. Rather than focus on singular extraordinary figures and events, as do most documentarians, Krieger looks instead at the typical, presenting multiple specific images that call attention to people and activities usually rendered invisible by commonality. He took tens of thousands of photographs of industrial sites, markets, electrical distributing stations, and storefront churches throughout Los Angeles. He also recorded the city's ambient sounds, from the calls of a tamale vendor to the buzz of a workshop saw. Krieger considers these samples from the urban sensorium in this innovative volume, resulting in a thoughtful illumination of the interplay of people with and within the built environment. With numerous maps and photographs, as well as Krieger's unique insights, *Urban Tomographies* provides an unusually representative and rounded view of the city.

The Role of a Community Chaplain in a Marginalised Urban Community Noah O. Okiror, 2017-12-19 This book presents findings of further research into the concept I started in my previous book, the importance of dying to self and its implications for outreach to unchurched children in isolated communities. It was centered on our Lord Jesus's call for all to deny themselves in order to follow him. If anyone would come after me, he must deny himself and take up his cross daily and follow me. Luke 9:23. God's ways are not our ways. Isaiah 55:8.

Modernity, a World of Confusion:Causes Jack Stanfield,2008-01-21 Have you ever wondered why society is getting cruder and ruder with stress depression and mental illness rising and little joy felt Why children behave badly and schools are failing Why trust has vanished with your identity And why sex is oozing out of every aspect of the culture We live in a skeptical age with the country splintering into special interest groups claiming to be victims and requiring special treatment and a Congress thats deadlocked in partisan bickering There is anger and tension and really intolerable things being tolerated placing women and children in danger If you have such questions this is your book an inquiry into the spirit of the age Examined are root causes for the darkened culture immoral behavior and rejection of traditions The age glorifies science and technical progress and yet is unhappy and sickly Individualism surmounts community concerns creating narcissistic people tending toward nihilism where the self is the center of the universe The postmodern culture throws away things relationships and lives like it disposes of outdated items Logic is replaced with how I feel and reliance on personal experience for making decisions Relativism is accepted in ethics and for determining truth so that it is my truth and your truth and objectivity and common sense are lost Science is erecting the abstract man who in the process has lost heart and a sense of reality living in a delusional world The result is a profusion of confusion *The Power of Art* Caroline Campbell,2023-10-12
