

Give Your Radial Drill A Square Deal

Your SUPER-SERVICE Radial Drill is a finely made tool. It has been built with painstaking care and accuracy to insure your having the best in radial drills.

All of its mechanism is completely enclosed. Its oiling is automatic and it is protected by every practical accident prevention feature -- but, if you want years of uninterrupted service with low upkeep cost, there are two things that must be observed:

The machine should be properly installed. It should receive intelligent care and treatment, after it has been placed in service.

This booklet contains detailed instructions for the installation,

operation and care of the SUPER-SERVICE RADIAL. It should be thoroughly studied by the man in charge of erection, the radial drill foreman, the operator and by the man in charge of maintenance. The instructions in this book should be carried out in detail.

In conclusion, remember that no radial is better built than the SUPER-SERVICE Radial. Remember, too, that no machine tool, regardless of how well it is built, will stand up for a long period under abuse, neglect or indifferent treatment.

Give your SUPER-SERVICE Radial a square deal and it will serve you well.
