

COMPOST

The book cover features a whimsical illustration of the word 'COMPOST' in large, green, 3D block letters. Each letter is planted in a mound of dark brown soil, with green leaves sprouting from its base. Above the letters, a bright yellow sun with rays is partially obscured by a blue cloud. A purple butterfly and a small fly are also depicted in the sky. The soil is populated with various insects: a ladybug, a centipede, a caterpillar, and a worm. A blue circular sticker with white text is placed near the center, and an orange starburst sticker is on the right. At the bottom center, a green rectangular sticker reads 'EVEN EASIER'.

Silvohorticulture Andy Dibben, Ben Raskin, 2015-01-16 Dibben and Raskin offer an insightful inspiring but also exceptionally practical guide to integrating trees into annual cropping systems in this book we see how the phrase the sky s the limit has never been more applicable Jesse Frost author of The Living Soil Handbook An invaluable handbook for farmers growers and gardeners Silvohorticulture is the first book to offer a detailed practical guide on how to effectively integrate trees with vegetable growing offering information previously known only in the foresting world Drawing on the decades long experiences of Ben Raskin and Andy Dibben both of whom have designed and managed agroforestry systems and have extensive experience in commercial horticultural crop production this is the definitive book on the interaction between trees and crops covering the benefits of trees for edible crops and the potential for additional crops from trees plus crucial new information on how to fit trees into complex crop rotations as well as manipulating access to light Ben and Andy also reveal the latest research on how tree roots behave and importantly how that impacts your crops Agroforestry can bring immense benefits to farmers and growers not just optimizing yield but also improving soil managing pests and water increasing biodiversity and reducing costs System design must be customised to each grower s requirements and Silvohorticulture offers step by step detail that will allow you to manage your trees and crops successfully In this immensely practical guide the authors provide the technical details towards integrating trees with vegetables and other crops all while dispelling any preconceived notions that this idea reduces productivity or function In fact these systems might prove essential for farm resilience in a changing climate Steve Gabriel author of Silvopasture

What Milly Did Elise Moser, 2016-08-01 The extraordinary story of the woman who made plastics recycling possible Milly Zantow wanted to solve the problem of her town s full landfill and ended up creating a global recycling standard the system of numbers you see inside the little triangle on plastics This is the inspiring story of how she mobilized her community creating sweeping change to help the environment On a trip to Japan in 1978 Milly noticed that people were putting little bundles out on the street each morning They were recycling something that hadn t taken hold in North America When she returned to Sauk City Wisconsin she discovered that her town s landfill was nearing capacity and that plastic made up a large part of the garbage No one was recycling plastics Milly decided to figure out how She discovered that there are more than seven kinds of plastic and they can t be combined for recycling so she learned how to use various tests to identify them Then she found a company willing to use recycled plastic but the plastic would have to be ground up first Milly and her friend bought a huge industrial grinder and

established E Z Recycling They worked with local school children and their community and they helped other communities start their own recycling programs But Milly knew that the large scale recycling of plastics would never work unless people could easily identify the seven types She came up with the idea of placing an identifying number in the little recycling triangle which has become the international standard Milly s story is a glimpse into the early days of the recycling movement and shows how thanks to her determination hard work and community building huge changes took place spreading rapidly across North America Correlates to the Common Core State Standards in English Language Arts CCSS ELA LITERACY RI 3 3 Describe the relationship between a series of historical events scientific ideas or concepts or steps in technical procedures in a text using language that pertains to time sequence and cause effect CCSS ELA LITERACY RI 4 7 Interpret information presented visually orally or quantitatively e g in charts graphs diagrams time lines animations or interactive elements on Web pages and explain how the information contributes to an understanding of the text in which it appears **The Ultimate**
