The Anthropology of Climate Change Hans Baer, Merrill Singer, 2014-04-24 In addressing the urgent questions raised by climate change this book provides a comprehensive overview of the anthropology of climate change guided by a critical political ecological framework It argues that anthropologists must significantly expand their focus on climate change and their contributions to responding to climate change as a grave risk to humanity The book presents a human socioecological framework for conceptualizing climate change It examines the emergence and slow maturation of the anthropology of climate change reviews the historic foundations for this work in the archaeology of climate change and presents three alternative contemporary theoretical perspectives in the anthropology of climate change The book synthesizes anthropological work and perspectives on climate change in the form of case studies in various regions of the world revealing the nature of global climate change as constituting multiple and somewhat diverse changes in local settings It explores the applied anthropology of climate change in terms of the ways anthropologists are contributing to climate policy working with communities on climate change issues as well as within the climate movement both internationally and nationally Finally it provides an overview of what other the social sciences are saying about climate change and explores ways that the anthropology of climate change can interface with sociology political science and human geography in order to create an integrated social

science of climate change This book gives researchers and students in Environmental Anthropology Climate Change Human Geography and Sociology a novel framework for understanding climate change that emphasizes human socioecological interactions **Handbook on Climate Change and Technology** Frauke Urban,Johan Nordensvärd,2023-12-11 This timely Handbook presents the latest knowledge on technological innovation for climate change mitigation and adaptation Looking beyond technical fixes it further draws on economics politics and sociology to explore how modern technology can contribute to effective and socially just sustainability transitions *Climate Diplomacy from Rio to Paris* William Sweet,2016-12-06 The essential primer for understanding climate diplomacy describing both the major players and the path to progress from the 1992 Rio Summit to the 2015 Paris Climate Conference Climate Diplomacy from Rio to Paris is the first accessible overview of climate diplomacy in its first quarter century The author who has reported on energy and climate for two decades provides readers with a nuanced account of the major players and their interests from the United States the European Union and China to environmental organizations the United Nations and the Vatican and analyzes the outcomes of the major climate conferences at Rio Kyoto Copenhagen and Paris **Global Capitalism and Climate Change** Hans A. Baer,2021-10-01 Now in its second edition Global Capitalism and Climate Change The Need for an Alternative World System examines anthropogenic climate change in the context of global capitalism a political economy that emphasizes profit making is committed to on going economic growth results in massive social inequality fosters a treadmill of production and consumption and is heavily reliant on fossil fuels Looking ahead Hans A Baer explores the systemic changes necessary to create a more socially just democratic and environmentally sustainable world system capable of moving humanity toward a safer climate This book is recommended for readers interested in anti systemic efforts including eco anarchism eco feminism the de growth perspective Indigenous voices and the climate justice movement *Ecotheology and Nonhuman Ethics in Society* Melissa Brotton,2016-11-30 This book promotes Christian ecology and animal ethics from the perspectives of the Bible science and the Judeo Christian tradition In an age of climate change how do we protect species and individual animals Does it matter how we treat bugs How does understanding the Trinity and Christ s self emptying nature help us to be more responsible earth caretakers What do Christian ethics have to do with hunting How do the Foxfire books of Southern Appalachia help us to love a place Does ecology need a place at the pulpit and in hymns How do Catholic approaches past and present help us appreciate and respond to the created world Finally how does Jesus respond to humans nonhumans and environmental concerns in the Gospel of Mark *Inhabiting Eden* Patricia K. Tull,2013-11-18 In this thoughtful study respected Old Testament scholar Patricia K Tull explores the Scriptures for guidance on today s ecological crisis Tull looks to the Bible for what it can tell us about our relationships not just to the earth itself but also to plant and animal life to each other to descendants who will inherit the planet from us and to our Creator She offers candid discussions on many current ecological problems that humans contribute to such as the overuse of energy resources like gas and electricity consumerism

food production systems including land use and factory farming and toxic waste Each chapter concludes with discussion questions and a practical exercise making it ideal for both group and individual study This important book provides a biblical basis for thinking about our world differently and prompts us to consider changing our own actions Visit inhabitingeden.org for links to additional resources and information
