Mindfulness-Based Treatment

Approaches Ruth A. Baer, 2015-07-14 Eastern spiritual traditions have long maintained that mindfulness meditation can improve well being. More recently mindfulness based treatment approaches have been successfully utilized to treat anxiety depressive relapse eating disorders psychosis and borderline personality disorder. This book discusses the conceptual foundation implementation and evidence base for the four best researched mindfulness treatments: mindfulness based stress reduction (MBSR), mindfulness based cognitive therapy (MBCT), dialectical behavior therapy (DBT), and acceptance and commitment therapy (ACT). All chapters were written by researchers with extensive clinical experience. Each chapter includes the conceptual rationale for using a mindfulness based treatment and a review of the relevant evidence base. A detailed case study illustrates how the intervention is implemented in real life, exploring the clinical and practical issues that may arise and how they can be managed. This book will be of use to clinicians and researchers interested in understanding and implementing mindfulness based treatments. Comprehensive introduction to the best researched mindfulness based treatments. Covers wide range of problems/disorders: anxiety, depression, eating, psychosis, personality disorders, stress, pain, relationship problems, etc. Discusses a wide range of populations: children, adolescents, older adults, couples. Includes wide range of settings: outpatient, inpatient, medical, mental health, workplace. Clinically rich illustrative case study in every chapter. International perspectives represented: authors from US, Canada, Britain, Sweden.

Pandemic, New Normal and

Implications on Business Arti Chandani, Rajiv Divekar, J. K. Nayak, Komal Chopra, 2022-09-24 This book focuses on the issues and challenges posed by COVID-19, proposing ways to deal with the supposed new normal which the pandemic has introduced in the functioning of business society and environment. Among the issues discussed are employee well being and mental health, impact of changes in education sector, marketing, selling and distribution of goods, change in business model for SME, impact on travel and personal grooming sector, consumer preferences, performance, impact of intellectual capital, performance of banks pre merger and so on. Focus is on presenting strong research results backed by statistical analysis using different tools. There are managerial solutions to the problems being faced by businesses and firms. The presentations would throw great insights on how businesses have coped during pandemic times in a developing economy like India.
