Comparing Democracies Elections And Voting In A Changing World

Lawrence LeDuc, Jon H. Pammett

Comparing Democracies Elections And Voting In A Changing World:

Comparing Democracies Lawrence LeDuc, Richard G Niemi, Pippa Norris, 2014-04-07 This book provides you with a theoretical and comparative understanding of the major topics related to elections and voting behaviour It explores important work taking place on new areas whilst at the same time covering the key themes that you ll encounter throughout your studies Edited by three leading figures in the field the new edition brings together an impressive range of contributors and draws on a range of cases and examples from across the world It now includes New chapters on authoritarian elections and regime change and electoral integrity A chapter dedicated to voting behaviour Increased emphasis on issues relating to the economy Comparing Democracies Fourth Edition will remain a must read for students and lecturers of elections and voting behaviour comparative politics parties and democracy

Comparing Democracies ,2014 Dynasties and Interludes Lawrence LeDuc, Jon H. Pammett, 2016-08-06 The Hill Times Best Books of 2016 An overview of the history of elections and voting in Canada including minority governments dynasties and social movements Dynasties and Interludes provides a comprehensive and unique overview of elections and voting in Canada from Confederation to the most recent election Its principal argument is that the Canadian political landscape has consisted of long periods of hegemony of a single party and or leader dynasties punctuated by short sharp disruptions brought about by the sudden rise of new parties leaders or social movements interludes This revised and updated second edition includes an analysis of the results of the 2011 and 2015 federal elections as well as an in depth discussion of the Harper Dynasty

Introducing Comparative Politics Stephen Orvis, Carol Ann Drogus, 2017-01-19 Organized thematically around important questions in comparative politics Introducing Comparative Politics Fourth Edition by Stephen Orvis and Carol Ann Drogus integrates a set of extended case studies of 11 core countries into the narrative Serving as touchstones the cases are set in chapters where they make the most sense topically not separated from theory or in a separate volume and vividly illustrate issues in cross national context The book s organization allows instructors flexibility and gives students a more accurate sense of comparative study In this edition a brand new chapter on Contentious Politics covers ethnic fragmentation social movements civil war revolutions and political violence New case studies on this topic include the Occupy and Tea Party movements in the US Zapatista rebellion in Mexico Boko Haram in Nigeria and and revolutions in China and Iran The chapter on States and Identity has been substantially revised to better introduce students to the concept of identity and how countries handle identity based demands Case studies include nationalism in Germany ethnicity in Nigeria religion in India race in the US gender in Iran and sexual orientation in Brazil Content on states and markets political economy globalization and development has all been consolidated into a new Part III of the book focusing in a sustained way on economic issues

Consequences of Context Hermann Schmitt, Paolo Segatti, Cees van der Eijk, 2021-06-14 This book presents the most systematic and consistent study to date of the consequences of context for the process through which citizens decide on their electoral behaviour It derives contextual

variation from cross national and within country comparisons The contextual dimensions investigated pertain to the political economic and social domains and their impact is investigated on the factors that drive citizens decision to participate in an election and on their subsequent decision of which party to vote for The book thus focuses not on whether people vote and for which party but instead on more fundamental questions about contextual effects on the determinants of electoral participation and the vote The analyses are based on an integrated database of national election studies conducted in European countries and utilises an innovative multi level logistic regression methodology This methodology elaborated in detail early on and subsequently applied in each of the following chapters identifies the moderating effect or the consequences of altogether nine classes of different context conditions on individual level determinants of electoral participation and party choice

Electoral Systems Elisabeth Carter, David M. Farrell, Gemma Loomes, 2024-11-28 How do different electoral systems work to translate votes into seats What effects do they have on the political system on political actors and on voters Does the choice of electoral system always involve a trade off between strong and stable government and representation And do electoral systems matter as much as we might think This fully revised and expanded third edition examines the principal types of electoral systems used in over 75 of the world s democracies It explores why countries choose the electoral systems they do and explains how the different systems function it investigates the consequences of electoral systems including on the party system and on government formation and stability on representation and the quality of democracy and on parties politicians and voters Clearly structured wide ranging in focus and incorporating an array of visual material including authentic ballot papers tables and figures this in depth study remains the go to text for students and researchers seeking to understand electoral systems around the world

The Routledge International Handbook of European Social Transformations Peeter Vihalemm, Anu Masso, Signe Opermann, 2017-11-22 This book focuses on social transformations as one of the central topics in the social sciences The study of European social transformations is very valuable in the context of universal discussions within social sciences explaining invariable universal attributes of societies and examining changing attributes The book consists of 20 chapters on European social transformations written from the perspectives of distinguished scholars from such disciplines as economics political science educational science geography media and communication studies public management and administration social psychology and sociology The temporal and spatial range of the book is wide including such global changes as time space compression focusing particularly on change processes in Europe during the last two decades The book consists of four main parts beginning with an overview of the theoretical and methodological approaches and then focusing separately on post communist transformations institutional drivers of social transformations in the European Union and European transformations in the context of global processes The book presents current theoretical empirical and methodological approaches that complement the scientific literature on social transformations This book is both an invaluable resource for scholars and an indispensable teaching tool for use in the

classroom and will be of interest to students academics and policy makers studying how this diverse region has changed over recent years

Parties, Movements, and Democracy in the Developing World Nancy Bermeo, Deborah J. Yashar, 2016-12 A comparative study of the role of political parties and movements in the founding and survival of developing world democracies

Electoral Politics in Asia Jhumpa Mukherjee, Priya Singh, Anita Sengupta, 2025-12-02 This volume examines the complex interplay of geopolitics electoral politics and representative governance across South Southeast West and Central Asia through an intersectional lens Analyzing electoral developments in Bangladesh Bhutan India Indonesia Israel Malaysia Maldives Myanmar Nepal Pakistan Sri Lanka Turkey and Uzbekistan it explores diverse political systems ranging from consolidated democracies to hybrid regimes and entrenched authoritarian states With many of these countries having held national elections in 2024 the volume offers timely insights into how majoritarian proportional and hybrid electoral systems mediate governance legitimacy and citizen participation It interrogates the role of elections in enabling democratic representation while exposing how identity politics majoritarianism and systemic exclusion continue to shape outcomes Combining macro and micro perspectives the volume provides grounded comparative analyses of Asia's political trajectories and will be of interest to scholars and students of political science international relations area studies and electoral politics

Political Campaigns Costas Panagopoulos, 2017 Political Campaigns is a detailed comprehensive in depth look at modern campaigns that reflects on both theory and practice It summarizes scholarly research on campaigns but also provides an in depth and inside look into how contemporary campaigns are conducted
