In the past, managers have been concerned about the impact of the Internet on their business. But now, they are also concerned about the impact of the Internet on their employees. The Internet has become a major source of information for employees, and it has also become a major source of communication for employees. This has led to a number of problems, including a lack of communication, a lack of collaboration, and a lack of productivity. In this article, we will discuss the impact of the Internet on employees and how managers can address these problems.
