## **De Stadsoorlog Amsterdam 8:**

**A European Youth Revolt** Bart van der Steen, 2016-04-08 During the early 1980s large parts of Europe were swept with riots and youth revolts Radicalised young people occupied buildings and clashed with the police in cities such as Zurich Berlin and Amsterdam while in Great Britain and France migrant youths protested fiercely against their underprivileged position and police brutality Was there a link between the youth revolts in different European cities and if so how were they connected and how did they influence each other These questions are central in this volume This book covers case studies from countries in both Eastern and Western Europe and focuses not only on political movements such as squatting but also on political subcultures such as punk as well as the interaction between them In doing so it is the first historical collection with a transnational and interdisciplinary perspective on youth youth revolts and social movements in the 1980s From City Space to Cyberspace Amanda Wasielewski, 2025-10-01 The narrative of the birth of internet culture often focuses on the achievements of American entrepreneurs in Silicon Valley but there is an alternative history of internet pioneers in Europe who developed their own model of network culture in the early 1990s Drawing from their experiences in the leftist and anarchist movements of the 80s they built DIY networks that give us a glimpse into what internet culture could have been if it were in the hands of squatters hackers punks artists and activists In the Dutch scene the early internet was intimately tied to the aesthetics and politics of squatting Untethered from profit motives these artists and activists aimed to create a decentralized tool that would democratize culture and promote open and free exchange of information *City Is Ours* Bart van der Steen, Ask Katzeff, Leendert van Hoogenhuijze, 2014-09-11 Squatters and autonomous movements have been in the forefront of radical politics in Europe for nearly a half century from struggles against urban renewal and gentrification to large scale peace and environmental campaigns to spearheading the antiausterity protests sweeping the continent Through the compilation of the local movement histories of eight different cities including Amsterdam Berlin and other famous centers of autonomous insurgence along with underdocumented cities such as Poznan and Athens *The City Is Ours* paints a broad and complex picture of Europe's squatting and autonomous movements Each chapter focuses on one city and provides a clear chronological narrative and analysis accompanied by photographs and illustrations The chapters focus on the most important events and developments in the history of these movements Furthermore they identify the specificities of the local movements and deal with issues such as the relation between politics and subculture generational shifts the role of confrontation and violence and changes in political tactics All chapters are written by politically engaged authors who combine academic scrutiny with accessible writing Readers with an interest in the history of the newest social movements will find plenty to mull over here Contributors include Nazima Kadir Gregor Kritidis Claudio Cattaneo Enrique Tudela Alex Vasudevan Needle Collective and the Bash Street Kids Ren Karpantschov Flemming Mikkelsen Lucy Finchett Maddock Grzegorz Piotrowski and Robert Foltin **Routledge Handbook of Radical Politics** Ruth Kinna, Uri Gordon, 2019-05-16

Successive waves of global protest since 1999 have encouraged leading contemporary political theorists to argue that politics has fundamentally changed in the last twenty years with a new type of politics gaining momentum over elite representative institutions The new politics is frequently described as radical but what does radicalism mean for the conduct of politics Capturing the innovative practices of contemporary radicals Routledge Handbook of Radical Politics brings together leading academics and campaigners to answer these questions and explore radicalism s meaning to their practice In the thirty five chapters written for this collection they collectively develop a picture of radicalism by investigating the intersections of activism and contemporary political theory Across their experiences the authors articulate radicalism s critical politics and discuss how diverse movements support and sustain each other Together they provide a wide ranging account of the tensions overlaps and promise of radical politics while utilising scholarly literatures on grassroots populism to present a novel analysis of the relationship between radicalism and populism Routledge Handbook of Radical Politics serves as a key reference for students and scholars interested in the politics and ideas of contemporary activist movements **Boekblad** ,1983

**Schluss mit der Zerstörung?** Harald Bodenschatz,Volker Heise,Jochen Korfmacher,1983 **Kritiek 2009** Leendert van Hoogenhuijze,Jasper Lukkezen,Anne Petterson,Bart van der Steen,2009-05-29 Kritiek Jaarboek voor socialistische discussie en analyse is een academische uitgave en biedt ruimte aan artikelen van beschouwende theoretische historische en polemische aard over zaken die van belang zijn voor de huidige linkse beweging In dit nummer is er aandacht voor de positie en strijd van illegale migranten en stedelijke sociale conflicten Zo wordt het migratiebeleid in de Verenigde Staten onder de loep genomen en vergeleken met de situatie in Nederland Vervolgens worden verschillende kraakbewegingen in Europa met elkaar vergeleken en in een breder perspectief geplaatst Daarnaast worden enige discussies voortgezet Zo laat Bart Snels directeur van het Wetenschappelijk Bureau van GroenLinks zijn licht schijnen over de crisis van groene partijen die in het vorige nummer werd waargenomen En drie actieve socialisten reageren op het discussiestuk van Ronald van Raak over het internationalisme van de SP Het nummer bevat bijdragen van vooraanstaande wetenschappers en activisten als Marlou Schrover Erik Swyngedouw Peter Birke Pepijn Brandon Henny Buiting en Hans Pruijt Een must voor linkse denkers en doeners *De politie en haar opdracht* ,2010 Brinkman's cumulatieve catalogus van boeken ,1981 Voorts een alfabetische lijst van Nederlandsche boeken in België uitgegeven Een kleine geschiedenis van Amsterdam Geert Mak,1994 Aan de hand van vele kleine geschiedenissen van bekende en minder bekende Amsterdammers wordt de geschiedenis van Amsterdam verteld vanaf het ontstaan tot heden
