David Busch's Canon EOS 7D Mark II FAST TRACK GUIDE David Busch,2017-06 If you ve invested in a camera as sophisticated as the Canon EOS 7D II you re looking for more than good pictures you demand outstanding photos After all the 7D II is the most advanced APS C format camera that Canon has ever introduced It boasts 20 megapixels of resolution blazing fast automatic focus and cool features like full high definition movie shooting But your gateway to pixel proficiency is dragged down by the slim little book included in the box as a manual You know everything you need to know is in there somewhere but you don t know where to start In addition the camera manual doesn t offer much information on photography or digital photography Nor are you interested in spending hours or days studying a comprehensive book on digital SLR still photography that doesn t necessarily

apply directly to your 7D II What you need is a guide that explains the purpose and function of the 7D II s basic controls how you should use them and why Ideally there should be information about file formats resolution exposure and special autofocus modes available but you d prefer to read about those topics only after you ve had the chance to go out and take a few hundred great pictures with your new camera Why isn t there a book that summarizes the most important information in its first two or three chapters with lots of illustrations showing what your results will look like when you use this setting or that Now there is such a book If you want a quick introduction to the 7D II s focus controls wireless flash synchronization options how to choose lenses or which exposure modes are best this book is for you If you can t decide on what basic settings to use with your camera because you can t figure out how changing ISO or white balance or focus defaults will affect your pictures you need this guide *Canon EOS 7D Mark II: A Beginner's Guide* Jacob Gleam,2015-01-13 Customers by Integrating SEO Nishant Katiyar, Dr. Rakesh K. Bhujade & Dr. Sanjeev Gour,2019-12-01 This book gives the viewer a place right from the beginning to solve the problems and possibilities of the digital marketplace The topics covered provide an outline of important digital marketing ideas and methods each section combines educational studies with digital marketing methods to provide a good knowledge of this interesting new field This approach will assist learners to move into marketing professionals and provide experts with a framework for digital brand management Content means some knowledge with marketing ideas acquired from work experience or previous education By Customers by Integrating SEO are designed to integrate with a degree course in digital marketing to produce a comprehensive learning experience Each chapter is related to a module in the syllabus and the book provides complete coverage of the syllabus and includes only the most essential points of learning that will allow you to pass your exams and obtain an internationally recognized and respected Digital Marketing certification Will prepare best
